Director Tanoue,

As President of the Kahuku Community Association Board of Directors it is my privilege to communicate to the Department of Planning and Permitting, KCA's 6 to 2 favorable support of the new Laie master plan, "Envision Laie". It was further decided:

- That the Envision Laie plan requires Laie community boundaries to expand into Kahuku sub-district 1 is acceptable.
- That the Envision Laie plan, a community based plan, is timely and appropriate to be included in the updating of the Ko'olau Loa Sustainable Community Plan.
- That the Department of Planning and Permitting include in its plan Envision Laie's proposed housing unit count which addresses pent-up demand, future growth demand and a more equitable household size in Ko'olau Loa.

Directors of this board have received many hours of presentation input, dialogue, community gatherings, and active participation in the PAC meetings; inclusive of the many years of collective community relations within the Ko'olau Loa region. Kahuku Community Association supports an on-going objective to provide for rural family sustainability.

Should you have any question please contact Ralph K. Makaiiau 478-6548.

Respectfully submitted, Mahalo!
